

IIT JEE 2022 RESULTS

FIITJEE

ATTENTION!!

Students Aspiring to Become an Engineer from an IIT and All Concerned Parents.

■ You would come across many Ads of IITJEE Results where you shall see claim of Top Ranks being taken by several institutes for the same set of students. Same toppers are appearing multiple times as students of competing coaching institutions. In some instances, even shallow association with a student or a capsule test is stated as their claim to fame. Our advertisements showcase toppers who are exclusive to us and are a result of our commitment and superior tutelage. You can see complete details of the students' alongwith the Program they enrolled with us etc.

■ FIITJEE has 29 Ranks in the Top 100 All India JEE Advanced 2022 Ranks. All are from our Classroom. We intend to take credit for the success of only these diligent students at a holistic level.

■ Our integrated teaching methodology focuses not only on top rank potential students, who are provided with outstanding teaching; but personalised attention is provided to all our students- who are rendered specific, level-appropriate and comprehensive teaching with required study notes & excellent subject matter. This inclusive approach has made us achieve: **29** Selections in Top **100** AIR, **140** Selections in Top **500** in JEE Advanced 2022.

■ Most Coaching Institutes display rankers and selections, from all over the country; to buffer their competence. Whereas FIITJEE highlights local performers, celebrates regional achievers with great focus & visibility. This has more relevance and carries motivation for aspiring candidates.

■ In JEE advanced 2022, 252 selections are from Chennai Centres and 38 from Coimbatore. In Total 290 selections are from TN Region.

■ Some institutes who don't have proper systems or teaching pedagogy often enter into practices of bribing teachers but never succeed in producing brilliant results in IITJEE, the way FIITJEE is able to produce. Our superior result is because of a deep-rooted value system, Control on Teaching methodology, innovative processes and sophisticated systems. FIITJEE never follows unethical business practises to lure students and is also unaffected by such malpractices. Our results from Top to End are a testimony of our great passion towards student centricity and commitment to learning.
